

TRANSPORT EMERGENCY CARD - Road Transport

In accordance with SANS 10232-4

UN No.	3026
Class	6.1
PG	III
Packing group	
ERG No.	

PROPER SHIPPING NAME: Pesticide, Grain, Toxic

APPEARANCE: Coloured Wheat.

NAME OF SUBSTANCE(S): BROMADIOLONE.005g/kg

NATURE OF DANGER:

Main Hazard: Not classified as hazardous due to low concentrations of bromadiolone present in the formulation Slightly toxic: by absorption through skin, by ingestion.

- may cause severe damage: to eyes.
- May have irritant effect: on skin.
- Vapor may be invisible, heavier than air and spread along the ground.
- Heating will cause pressure rise with risk of bursting.

PERSONAL PROTECTION:

- Protective gloves
- Protective footwear.
- Eyewash bottle with clean water.

PERSONAL EQUIPMENT:

- Shovel.
- Broom.
- Sand or other absorbent.
- Alternatively, appropriate spill kit.

GENERAL ACTIONS BY THE DRIVER:

- Stop the engine.
- mark roads with self-standing warning signs and warn other road users or passers-by.
- Keep public away from danger area.
- Notify police and fire brigade as soon as possible.

ADDITIONAL AND/OR SPECIAL ACTIONS BY THE DRIVER:

- Any action only if without personal risk.
- Stop leaks if without risk.
- Contain or absorb leaking with sand or earth or other suitable material.
- Avoid direct contact with substance.
- Prevent baits entering water sources, sewers, basements and work pits.
- If substance has entered a water source or sewer or been spilt on soil or vegetation, inform police.
- Warn everybody: Toxic hazard.

FIRE (information for the driver in case of fire). Do not attempt to deal with any fire involving the load.

FIRST AID:

- If substance has got into the eyes immediately flush with water for up to 10 minutes.
- Remove contaminated clothing immediately and wash affected skin with water.
- Seek medical treatment when anyone has symptoms apparently due to inhalation, swallowing or contact with skin or eyes.
- Due to delayed effects of poisoning, persons who have inhaled the vapor or been in contact with the substance should be kept under medical observation for at least 48 hours.

SUPPLEMENTARY INFORMATION FOR EMERGENCY SERVICES

- DO NOT flush road with water.
- Warn inhabitants of toxic hazard. Keep animals off contaminated vegetation.
- Consult an expert immediately.
- Keep containers cool by spraying with water if exposed to fire.
- Extinguish with dry chemical powder, carbon dioxide, alcohol-resistant foam, sand or earth.
